

Northwestern | THE GRADUATE SCHOOL

The Graduate School at Northwestern University offers advanced degree programs, including dual degrees, in more than 70 disciplines.

We offer an interdisciplinary approach to learning with graduate programs that span across research fields in:

- **Biological Sciences**
- **Chemical Sciences**
- **Engineering**
- **Humanities**
- **Math**
- **Physical Sciences**
- **Social Sciences**
- **Technology**

Visit our campuses in both Chicago and Evanston, Illinois, and discover how you can enhance your academic experience with the benefits of lakefront living.
